

*The Community Methodist Church,
Daytona Beach, Fla.*

The Community Methodist Church was organized in 1903. The building erected in 1925 is of Old Spanish Mission design and the beautiful chimes in the great chime tower may be heard for many miles, announcing the hours of worship.

The Community Methodist is one of Florida's largest churches.

Hello Harry.

We were at the morning services at this church about 700 people maybe more so long.
